WOMENSTRUST HIRES DEVELOPMENT ASSISTANT

NEW LONDON, NH

Dana Dakin, founder of WomensTrust, recently announced the appointment of Virginia Davidson of Weare, NH, to the position of Development Coordinator assisting the organization with its major gifts program.

“Virginia brings real passion to a cause and a sensitivity to donors who want a personal connection to their nonprofit investment impact,” says Ms. Dakin. “ Her research mind will help us diversify our funding sources as WomensTrust heads toward sustainability. We are thrilled to have her join our team.”

Prior to joining WomensTrust, Davidson was employed as manager of research and communications for Green Spaces Alliance of South Texas in San Antonio, where her husband was based during his military career. She was responsible for researching funding sources, managing online communications, and assisting with special events. Her previous employment includes administrative positions at Middlebury-Monterey Language Academy and the Providence Athenaeum, and most recently she founded and directed Alamo Rescue Friends, a nonprofit animal rescue organization operating in Texas and New England.

Davidson holds a master’s degree in public humanities from Brown University in Rhode Island and a bachelor’s degree in German and theatre from Denison University in Ohio.

WomensTrust (womenstrust.org) is a nonprofit organization that empowers women and girls in Ghana, West Africa through microenterprise, education, and healthcare, and inspires others to do the same elsewhere.
